The content of the course will include **skills and fun**. The main feature of the weekend will be the "Challenging Outdoor Personal Experience" (COPE) course - a nationally recognized "hurdles" type course. Generally, first and third year Leader's will be doing the low course and second year Leader's will be doing the high course. We have contracted with several certified COPE instructors to work with us over the weekend. Some adjustment in the low and high course may be made based on age and numbers attending.
